

# I'll Wait For You

Stanfour

I confess  
I'll wear my heart on my sleeve  
Everyday, I come apart at the seams  
And I've got to save my own life

Oh, I got lost  
Somehow you're still out of reach  
Wish I'd known what I was throwin' away  
Is there no place love still remains?

Like a tightrope on a Ferris wheel  
There's no refuge, only beams of steel  
That break me into pieces  
And I miss you, the way you were  
Turn the light on so my eyes can see  
Help me hold on 'til the night recedes  
The sad clown, in the fair grounds  
That's where I'll  
Wait for you

Are you feigned?  
I left my heart open wide  
Drove a nail, like a thorn in my side 'til it shattered  
Shattered like glass

Threw a stone into a mirror that cracked all alone  
Wrecked my balancing acts  
All the circus  
Fading away

Like a tightrope on a Ferris wheel  
There's no refuge, only beams of steel  
That break me into pieces  
And I miss you, the way you were  
Turn the light on so my eyes can see  
Help me hold on 'til the night recedes  
The sad clown, in the fair grounds  
That's where I'll  
Wait for you

For you

I will wait...  
I will wait for you (4x)

Like a tightrope on a Ferris wheel  
There's no refuge, only beams of steel  
That break me into pieces  
And I miss you, the way you were  
Turn the light on so my eyes can see  
Help me hold on 'til the night recedes  
The sad clown, in the fair grounds  
That's where I'll  
Wait for you

I will wait... (for you)  
I will wait for you (2x)

I will wait for you
