

# Alter Boy

Starbenders

He walks like  
A king  
He looks like  
A dream  
My heart beats  
And screams  
My worst failing  
Woe is me

Can you feel me wanting you?

Praying, wishing, sacrificing  
I can bear no other love  
But stinging, seething  
Whole but bleeding  
Help me holy mother

Alter-alternative boy  
I see you when I sleep  
Alter-alternative boy  
My sweet nativity

Send me  
To hell  
Well I feel  
Pretty damn well  
Cuz you taste  
So sweet  
Like the shit  
That I can't eat

Praying, wishing, sacrificing  
I can bear no other love  
But stinging, seething  
Whole but bleeding  
Help me holy mother

Alter-alternative boy  
I see you when I sleep  
Alter-alternative boy  
My sweet nativity  
Alter-alternative boy  
I see you when I sleep  
Alter-alternative boy  
My sweet nativity
