

Can't Cheat Time

Starbenders

True, you're not alone
Here next to me and we're stoned
Free, we're meant to be
Wild and diseased
Like wind amongst the trees

God knows
You can cheat me, you can cheat me
And it ain't a crime
No, it ain't no crime
No, no, no
God knows
You can cheat me, you can cheat me
But you can't cheat time
No, you can't cheat time
No, no, no, no, no

Sweet, this ecstasy
So heavenly, so cold
Keep my beating heart

Held forever close
Yours and yours alone

God knows
You can cheat me, you can cheat me
And it ain't a crime
No, it ain't no crime
No, no, no
God knows
You can cheat me, you can cheat me
But you can't cheat time
No, you can't cheat time
No, no, no, no, no

God knows you can cheat me
But I can't
I won't
We won't cheat time
No
No, no, no, no, no
