

Detroit

Starbenders

I can't get out of bed
Been three weeks since you left
Watching ash turn to stone
I'm counting down the hours, staring at the phone

I can't get you outta my head
I can't get you outta my head

When you walk out the door, you're just a left me
Down on the floor
Just a crying

Wop shoo wop shoo wop
Love you all over
Wop shoo wop shoo wop
Be my four-leaf clover

Detroit is pretty far from home
All these townies man think they know
Hanging out
Blow by blow!
Getting harder
Show by show!

I can't get you outta my head
I can't get you outta my head

When you walk out the door, you're just a left me
Down on the floor
Just a crying

Oh, yeah!
Move a little closer, baby!

Found loving in your brother's bed
Took you too long, now, our love is dead
Woke up on the sidewalk
Front of your house
Had a run in with your cousin
Why you lock me out?

I can't get you outta my head
I can't get you outta my head

When you walk out the door, you're just a left me
Down on the floor
Just a crying

Wop shoo wop shoo wop (cry baby)
Love you all over (cry baby)
Wop shoo wop shoo wop (cry baby)
Eat my four-leaf clover
Wop shoo wop shoo wop (cry baby)
Love you all over (cry baby)
Wop shoo wop shoo wop (cry baby)
Eat my four-leaf clover
Wop shoo wop shoo wop (cry baby)

Love you all over (cry baby)
Wop shoo wop shoo wop (cry baby)
Eat my four-leaf clover
