

Never Lie 2 Me

Starbenders

Never lie to me

Keeping it all held tight to my chest
Holding my breath
Left with no hope, no prayer for my soul
Begging for death
Got me under his spell
Tearing my heart in two
Keep ringing my bell
I belong to you

We can go where you want
Take what you need
We'll travel the seas but never lie to me
On top of the world
We can live like kings
Despite the pain inside of me

Never lie to me

Never lie to me

Watching me cry when it all comes tumbling down
All of your lies they keep me company now
They keep me company now
No one left around
No one to cling onto
Can't make a sound
Dreams coming true

We can go where you want
Take what you need
We'll travel the seas but never lie to me
On top of the world
We can live like kings
Despite the pain inside of me

Never lie to me

Never lie

On top of the world
We can live like kings
Despite the pain inside of me
On top of the world
We can be free
