

The Game

Starbenders

One light, sure to follow
Hold tight for tomorrow
Let go, be the witness
Come close, we can end this

I walk on the line
Between worlds, got no sides
On the edge of a knife
You gotta fight for your life

Can't stop the world from changing
Even though your hearts are breaking
I feel the power's fading
It's all in the way you play the game

Ain't no use in burning witches
When we die we're twice as vicious
Fire burns inside your eyes
The power's yours, take back the night

Can't stop the world from changing
Even though your hearts are breaking
I feel the power's fading
It's all in the way you play the game

You play the game

Can't stop the world from changing
Even though your hearts are breaking
I feel the power's fading
It's all in the way you play

Their lies will never break me
Everybody knows I'm crazy
We can face the darkness, baby
It's all in the way you play the game

You got to, got to, got to play the game
