

# We're Not OK

Starbenders

We're not OK  
No matter how much we pray  
Keep the clouds away  
You're in heaven now  
You're in heaven  
We're not OK  
No matter how much we pray

Don't feel, don't talk  
Don't trust the medicine  
Have and have not  
It's just the way it's been  
We pay the price  
In modern times  
And sing the song  
Of religious crimes  
Of religious crimes

We're not OK  
No matter how much we pray  
Keep the clouds away  
You're in heaven now  
You're in heaven

We're not OK  
No matter how much we pray  
Keep the clouds away  
You're in heaven now  
You're in heaven now

You know it's true  
There's nothing we can do  
We breathe, we leave  
The angels dream of you  
Back in the day  
We never learned to heal  
The children say  
They don't know how to deal  
They don't know how to deal

(We're not OK  
No matter how much we pray  
Keep the clouds away  
You're in heaven now  
You're in heaven)

We're not OK  
No matter how much we pray  
Keep the clouds away  
You're in heaven now  
You're in heaven now
