

Ants

Starcrawler

I got ants in my home
I got ants in my bones
I got ants when I'm eating
I got ants when I'm dreaming
I got ants when I don't
I got ants when I won't
I got ants on the chair
They bite like a bear

So everything I own and all through my bones
I got ants
I got ants

I got ants when I dance
I got ants in my pants
I got ants in my socks
I got ants with my throat
I got ants in the drum
I got ants in my lung
Everywhere I looking
Everywhere at home

So everything I own and all through my bones
I got ants
I got ants

It's harder to be me everyday
Every time I try to walk my way
My way
My way

I got ants
I got ants
I got ants
I got ants
I got ants
I got ants
I got ants

Said everything I own and all through my bones
Said everything I own and all through my bones
Said everything I own and all through my bones
I got ants
