

Altercation

Starflyer 59

It was a genuine gesture
because I'm not your master
I gotta live with these thoughts
cause you reap what you sow
a home from home, a life support
because I'm going other places
and I'm looking for some aces

It's just another altercation and I'm losing control

my puzzle's missing pieces
ya, I missing key parts
so I'll hit the reservation
I need a second start
it's my home from home, it's my life support
so I'm going other places
and I'm looking for some aces

It's just another altercation and I'm losing control
