

First Heart Attack

Starflyer 59

Listen I'll tell you a story
Of lines you never get back
This is a reason to worry
The trials that make you a man

It's when I have my first heart attack
And I can't even breathe
You tell the truth, I know you wouldn't lie
That I'm on my last beat

So listen I'll tell you a story
Of trials that made me a man
This is a long destination
So try as long as you can

It's when I have my first heart attack
And I can't even breathe
You tell the truth, I know you wouldn't lie
That I'm on my last beat
