

Just Try

Starflyer 59

So this is how it feels when you've got no one
So this is how it feels when you've got no home
I don't wanna be alone
Sitting by a no ringing telephone
I don't wanna be alone

So we'll just try
Just try...

So this is how it feels when you've got no eyes
So this is how it feels when you've got no one
I don't wanna be alone
Sitting by a no ringing telephone
I don't wanna be alone

So we'll just try
Just try...

I don't wanna be alone
