

## Next Time Around

Starflyer 59

kissing the boys when i wasn't around  
feeling the mess by the word of mouth  
could you feel the same way i feel  
next time around

feeling the hurt by the word of mouth  
coping a word when she's got me down  
could you feel the same way i feel  
next time around  
next time around  
next time around  
next time around  
next time around...
