Stress in your life
It's you've been untrue
There's been nothing new
Forever
A look in your eyes
You look twice your age
You've been almost through
Forever

Was this a training brood
They all passed us by
I wish they'd look at me
Before I'm the one that cried
Have you noticed that we're all getting old?
We're all getting old

The look in your eyes
You look half my age
What have you been through
Not much ever

Was this a training brood
They all passed us by
I wish they'd look at me
Before I'm the one that cried
Have you noticed that we're all getting old?
We're all getting old

We're all getting old
