

Shane

Starflyer 59

[Verse 1]

So I told you all:
Don't try it again
You might think it's small
Until he rides it in

[Chorus]

Like Shane, he comes when you need him
Then off to the dusty trails
You know, it's a season
And you can't go home

[Verse 2]

Sometimes it don't make sense
It's best to leave it alone
It makes me feel real small
That he controls the winds

[Chorus]

Like Shane, he comes when you need him
Then off to the dusty trails
You know, it's a season
And you can't go home

[Bridge]

This ride seems long to me
It's not so far

[Chorus]

Like Shane, he comes when you need him
Then off to the dusty trails
You know, it's a season
And you can't go home
