

Softness Goodness

Starflyer 59

Because you took a long retreat
I'm coming like a mean streak
For seven years of loss the lean
Are gonna take the big sweep
[chorus]
Death is the middle
Softness, goodness, keep in mind
Just to have a watchful eye
I'm looking like you won't believe
I'm running in a dead heat
From seven years of loss the lean
Are coming like a mean streak
