

## Time Machine

Starflyer 59

[Verse 1]

Those pictures  
They cause me to think about my life  
Passing by  
And I can't do a thing to stop time from moving

[Chorus]

So I'm looking for a time machine  
And I'm looking for a time machine  
That takes me there again

[Verse 2]

I saw a movie  
Those fond memories from my young life  
That's passed by  
And I can't do a thing to stop time from moving

[Chorus]

So I'm looking for a time machine  
And I'm looking for a time machine  
That takes me there again
