

Under The Milky Way

Starflyer 59

Sometimes when this place gets kind of empty
The sound of the breath fades with the light
I think about the loveless facination
Under the Milky Way tonight

Lower the curtain down on Memphis
Lower the curtain down all right
I've got no time for private consultation
Under the Milky Way tonight

I wish I knew what you were looking for
Might have known what you would find
And it's something quite peculiar
Something is shimmering and white
It leads you here despite your destination

Under the Milky Way tonight

I wish I knew what you were looking for
Might have known what you would find

And it's something quite peculiar
Something is shimmering and white
It leads you here despite your destination
Under the Milky Way tonight

I wish I knew what you were looking for
Might've known what you would find
Under the Milky Way tonight
Under the Milky Way tonight
Under the Milky Way tonight
Under the Milky Way tonight
