

Better With U

Starley

I wanna be here when the shit hits the ceiling
I wanna be here in the dead of night
I wanna listen when you pull out your skeletons, alright
I will not judge you and you know I've got mine
Oh, no, no, no, no

It's better with you, darling
It's better with you, baby
I try to run away but I can't hide
It's better with you, darling
It's better with you, baby
I try to run away, I can't deny you

You, ooh, you, ooh
You, ooh
It's better with you, yeah
You, ooh, you, ooh
You, ooh
It's better with you, yeah

I got issues and they're stacked to the ceiling
I'd rather have them than not have them at all
'Cause without you I'm just void of that feeling
You keep me coming, yeah I'm coming back for me
No, no, no, ah

It's better with you, darling
It's better with you, baby
I try to run away but I can't hide
It's better with you, darling
It's better with you, baby
I try to run away, I can't deny I

You, ooh, you, ooh
You, ooh
It's better with you, yeah
You, ooh, you, ooh
You, ooh
It's better with you, yeah

You, ooh, you, ooh (Better with)
You, ooh
It's better with you, yeah
You, ooh, you, ooh (Better with)
You, ooh
It's better with you, yeah

You, ooh, you, ooh
You, ooh
It's better with you, yeah
You, ooh, you, ooh
You, ooh
It's better with you, yeah
