

## Bail U Out Bonding (Freestyle)

Starlito

Grind Hard  
Ah, Lito  
GhettOut  
Funerals & Court Dates 2  
This what they want

I been feeling a lot of hate  
I been chillin' because of this case  
I ain't got no teardrop tattoos but it's written all over my face  
What they won't give me I'ma take  
Feel like the enemy of the state  
Been on that 1738 straight, chased it with D'usse  
Can't even drive, got too much raids  
I might just pull a GTA  
I was so full of TAC with 30K at TSA, yeah  
Preach it, my grind top of the line, won't find no defects  
Don't got no regrets, know I'm gon' be blessed  
Oh I know secrets, no I ain't see shit  
That's how I'ma keep it, discreet from the streets  
My nigga they lockin' niggas up over your tweets  
And fake news really the police, look  
I got big goals, bigger dreams  
Fuck these hoes, one in the hole  
Fully load my magazine 'cause I got too much agony  
I remember when I could barely put in on a bag of weed  
Now I got that bag, I put it in they face like acne  
All I did was imagine it, call that shit black magic  
How I manifest my destiny, probably 'cause I'm so passionate  
Y'all lil niggas ain't havin' it, we was brought up different  
That shit you call ballin' that's living average, plus where y'all li  
vin' at  
I just spend to get it back, got two rentals tinted black  
Couple niggas sending threats, I just grin, I'm winning, facts  
I just strengthened my defense, I just sent 'em twenty stacks  
I just got my girl a gun license, she get me ten new gats  
Yeah I really been through that, and she getting too attached  
And I'm going back to Cali, 'bout to ship me a few packs  
They just cancelled two of my shows, cost me and Trip a lot of racks  
Wish I could get out of the streets, I'm tryna rap my way out the tra  
p

Lito, Lito  
Get up out of the streets, I'm tryna rap my way out the trap  
Get up out of the streets, I'm tryna rap my way  
Wish I could get up out of the streets, I'm tryna rap my way out the  
trap  
You can't do what he's doing  
Across the country and nobody ain't know you?
