Don't Cry

Starlito

Baby, don't cry, don't cry, don't cry
Everything'll be alright, alright
You just gotta take some time
I can see the tears standin' in your eyes
Everything that's weighing on your mind
Baby, don't cry, it'll be just fine
(DTdaKidd)
(Beat those drums)

I been goin' through the most, I don't know why I been smilin'
I'm so tired of gettin' loaded for the same old problem
Lately, they ain't speakin', guess they hopin' I don't get by
One up in the head, I gotta make it back home tonight
My nigga ain't live to raise his son, but I know one day, the sun will rise
Can't let 'em leave my casket closed, so we know to open fire

Ayy
Don't cry
Lito

It was my fault, that's what I thought
I ain't even know myself, that's why I fought
Look at my daughter eyes, guess what I saw?
A part of me, I started to see I'm undefeated
'Cept for time lost, I'm speechless
What can I say to console you?
Learn to live with regrets, just gotta do what you're supposed to
Tryna cope, I get loaded until I turn antisocial
One in the hole and the holster
Wherever I go, yeah, it's goin'
Shit ain't sweet and I'm knowin'
If I reach, then I'm blowin'
I'm in the streets, pull up and meet you one deep in that foreign
Before I dropped out like Yeezy, I had P's in the dorm
I'm a rider whether I'm leavin' or goin'
It's the reason I'm tourin'
I wanna kill him, I had to let it slide
I always had a problem lettin' shit go
Matter fact, I probably never tried
My bro back out, his cake got set aside
I'm wearin' shades and a smile to hide the feelings that I kept inside

I been goin' through the most, I don't know why I been smilin'
I'm so tired of gettin' loaded for the same old problem
Lately, they ain't speakin', guess they hopin' I don't get by
One up in the head, I gotta make it back home tonight
My nigga ain't live to raise his son, but I know one day, the sun will rise
Can't let 'em leave my casket closed, so we know to open fire

Ain't talkin' baseball, it ain't safe, diss me, turn you to dodgers
I fucked some project hoes, they blew up and turnt into models
Make 'em go bulletproof, I hate when they say they invested
Hope I don't crash out that Lambo, that Lambo and fame so reckless
My heart cold, but it ain't cold enough
Fred died where I'm posted up
Chased it, was a dreamer
Gold on me like King Tut

Diamonds don't make me happier and that also go for this Patek
You leave, you be laughin', but when you here, you tell me
Baby, don't cry, don't cry, don't cry
Everything'll be alright, alright
You just gotta take some time
I can see the tears standin' in your eyes (Well, why don't you do somethin' 'bout it?)
Everything that's weighing on your mind (Why don't you do somethin' 'bout it?)
Baby, don't cry, it'll be just fine (No, it won't, no, it won't, no, it won't, oh)

Baby, don't cry, don't cry, don't cry
Everything'll be alright, alright
You just gotta take some time
I can see the tears standin' in your eyes
Everything that's weighing on your mind
Baby, don't cry, it'll be just fine
(DTdaKidd)
(Beat those drums)
