

Jermainesis

Starlito

Yeah, work your move, daddy
Yeah, work your move, daddy

This beat had my name written all over it like a watermark
I just sent a DM to my ex, I probably oughta bark
Slipped up and slide, wouldn't mind slidin', I miss that waterpark
I miss her body parts, but she be snappin' like Mr. Collipark
In other news, my next big purchase a more modest car
Nothin' to prove except to myself, I almost forgot this part
Too much is never enough, I might just call this that
Fell out of love with rap, feel like I brought it back to the basics
Yeah, I was chasin' my tail, just paper chasin'
Naw, can't stay complacent, that money can make or break you
Like that funding can take you places, but some mistake it and waste it
Runnin' straight through the front end and wonderin', "Why I ain't save it?"
I'm in the mirror with it, clearer vision, yeah
Ancient wisdom, neighborhood hieroglyphics
Carvin' out my niche as a hustler, but I fear the business
Streets dead, and on the internet, they revere the witness

Amen (That's my daddy)
Ayy, yeah (That's my daddy)
Hey, yeah (That's my daddy)
Yes, I'm blessed, amen (Oh)
Amen (Yeah)
Amen (Uh, yeah)
Yes, I'm blessed, amen

It's all about perspective, you talkin' foul, projectin'
You almost gotta respect it for callin' me out directly
But, naw, I doubt you're ready to die, no Biggie
I bet Tupac would be proud of your effort
We ain't gon' talk about it, that's- (Ah)
I rebuke thee, back in my two-three
Lucky for you, it was flu season, plus, it's a new me
Ain't nobody got time for that, that's includin' me
So I choose peace, I think you'd agree
That's for the greater good, besides, you said it wasn't real beef
And you not tryna take it to the streets
So what we doin', dog?
Fifteen years stagnant, shoot a video, go do a vlog
Expectin' admiration for your craft is why I gave you a call
I was gettin' it poppin', I thought it was solid that I got you involved
Cold Turkey, Theories, Black Sheep Don't Grin, even flew y'all
Out to kick it, reached out 'bout Hot Chicken, but you blew it off (Pause)
Honestly, I wasn't feelin' that line 'bout the hot dogs, not at all (No love
lost)
Regretfully

(That's my daddy)
Yes, I'm blessed, amen (Oh)
Amen (Yeah)
Amen (Uh, yeah)
Yes, I'm blessed, amen (That's my daddy)
Ayy, yeah (That's my daddy)
Hey, yeah (That's my daddy)
Yes, I'm blessed, amen (Oh)

Amen (Yeah)
Amen (Uh, yeah)
Yes, I'm blessed, amen
