

## Off Safety

Starlito

I see the hate all in ya'll faces  
I bet that you wish we could swap places  
But Losses I took you could not take em  
It's off safety  
(On me buddy)

I used to pop a seal and then just pour that shit  
Hop behind the wheel & then I floor that shit (Skrтт skrt)  
(Gone)  
Ya'll don't keep it real, I just ignore that shit (ignore that  
shit)  
Hundred dollar bills, I counted 46, a four & a split  
Buy that, then I front thatt, that's a quarter brick  
Still be on them trees like christmas ornaments  
Imported this from Oregon  
Drop step brothers four right back on tour again  
If that don't work, fuck it, boil spin, cook it to the oil, rin  
se

Okay that's non sene, won't glorify that content  
I gave 45 hundred to my lawyer, just to fight it  
Some shit don't excite me, like a basic bitch with some nikes  
I lost 225 in the house, trying to hide shit while I'm grinding  
You won't find me, I'm in the fast lane  
Got a call that the bag came  
Got another call from a bitch that say she had came on and I'm  
knowing that  
Cooked a four, cause he ordered that  
I'ma grind hard, I ain't going back  
Dodging vice, cause I floored that  
Got my whores back, drinking cognac  
Sippin lean, sippin red high tech  
Crack a jar, cracked the pyrex  
Two hundred hundreds, this my last that I'm putting in a fire s  
o I'm on that  
Bad yellow bone hold that  
Mr bobby house, I'm at the door mat  
I'm the one you calling, where the dope at  
Catching low craps, where the pole at On me, On me

I see the hate all in ya'll faces  
I bet that you wish we could swap places  
But Losses I took you could not take em  
It's off safety  
(On me buddy)
