

# Regretfully

Starlito

Fuck you mean?  
One chance, one chance, one chance  
I love myself, stop  
One chance, one chance

Problem is I want what I want when I want it (When I want it)  
Could be why I always get lost in the moment (In the moment)  
Where did I go wrong? How do I get right?  
Say I'm gonna change, I don't know, I might (I might, I don't know)  
I just need another chance

I undervalue apologies, to me, wrong is wrong  
Sooner the better, however, if it's gone on too long  
Then ain't no comin' back or makin' up or none of that  
Man, it seem like they only show up once the money stack  
It's hard to spend it by myself, plus, where's the fun in that?  
Buy a box of Skyns from off the shelf and cop a honey pack  
Thinkin' with my loneliness, wanna hear a funny fact?  
Knew that I was gon' regret it every time I spun back

Problem is I want what I want when I want it (Yes, I do)  
Could be why I always get lost in the moment (In the moment)  
Where did I go wrong? How do I get right? (Right)  
Say I'm gonna change, I don't know, I might (I don't know)  
I just need another chance

I'm in a weird space  
Runnin' in place somewhere between fear and faith  
Listenin' with my third ear, think I need a hearing aid  
Tryna cancel out the noise, what does my spirit say?  
Sometimes, I reflect like a mirror or lake  
Reconcile, make amends, war-torn by love and hate  
Regret that I chose straight revenge  
Maybe it's 'cause I play to win  
Might be Tasmanian the way I spin  
Either way, I can't pretend, problem is me

Problem is I want what I want when I want it (Yes, I do)  
Could be why I always get lost in the moment (In the moment)  
Where did I go wrong? How do I get right? (Right)  
Say I'm gonna change, I don't know, I might (I don't know)  
I just need another chance

I claim I wanna be at peace with myself (I manifest it)  
I be knowin', still gotta see for myself (Hard-headed)  
When I'm alone, sometimes, I speak with myself (Like what you doin'?)  
You never know how real I keep it with myself  
All I need is one chance (One chance), and chances make champions (Yeah)  
Said that last time, took the advance and went gamblin' (Man)  
Resentment of yourself is temporary insanity (Ah)  
Gotta learn to live with regrets, naw, understand it's just—

I want what I want when I want it (When I want it)  
Could be why I always get lost in the moment (In the moment)  
Where did I go wrong? How do I get right? (I get right)  
Say I'm gonna change, I don't know, I might (I might)  
I just need another chance

One more chance, one more chance, one chance  
Regretfully  
I always get lost in the moment  
Problem is I want what I want when I want it
