

Deserve

starry cat

I kissed your neck
It started fine, shaking inside
I didn't know what was next
How I'd fall after a while

I don't deserve
I don't deserve
I don't deserve
You

I wish I had better hair
Then you might like me more
I wish I had a real cool car
Then you'd say that you'd stay

I don't deserve
I don't deserve
I don't deserve
You
