

Thanks

starry cat

Yoooo
What's up...
Can you hear it?

When you're not there
I feel so scared
I know it can't be right
But I wanna see you every night
I guess when you're gone
I feel dumb, I feel down
What's love anyway?
Tell me anything

Oh, keep me in your dreams
I wanna be
Beside you in the morning

Everything gets so cold
I feel so cold
I feel so weird
When you're not here

Oh, keep me in your dreams
I wanna be
Beside you in the morning
