

How Glorious The Love Of Heaven

Stars Go Dim

How glorious the love of heaven
Now beneath the sky
Laying in the manger bare
And worship with a lullaby

Hallelujah, what a wonder
Unto us a son is given
Hallelujah, He is with us
Oh how glorious the love of heaven

How glorious the love of heaven
Infant yet divine
Our redemption set in motion
Long before the dawn of time

Hallelujah, what a wonder
Unto us a son is given
Hallelujah, He is with us
Oh how glorious the love of heaven

How glorious the love of heaven
Born to bare our sin
Our God knows our deepest need
And comes to bring us back to him

Hallelujah, what a wonder
Unto us a son is given
Hallelujah, He is with us
Oh how glorious the love of heaven

Hallelujah, what a wonder
Unto us a son is given
Hallelujah, He is with us
Oh how glorious the love of heaven

Oh, oh
How glorious
