Stars

Caught up in all the day to day
Fight another battle
Fight another battle

Winter trees so bare without their leaves
Falling in the water
Falling in the water

Break lights align the highway signs
Back along the same road
Drive along the same road
Back along the same road

Silver breathing while you sleep
Incomplete when you leave
You could be the one
Could you be the one to kill my name
You could be the one
Could you be the one that changes everything

Cold bus hot train
Too late again
Fog inside a window

One memory spins this level head
You whispered it to me
Whispered it to me
Whispered it to me

Silver breathing while you sleep
Incomplete when you leave
You could be the one
Could you be the one to kill my name
You could be the one
Could you be the one that changes everything

Do you want
Do you want
Do you want it

Silver breathing while you sleep
I'm Incomplete when you leave
You could be the one
Could you be the one to kill my name
You could be the one
Could you be the one that changes everything

You could be the one
Could you be the one
