

The Gift of Love

Stars

Don't look below
Don't look above
Just pay the price
For the gift of love

Don't tell me what you're dreaming of
Just pay the price for the gift of love
Just pay the price for the gift of love
The gift of love

It's finally here
A second leaned
The only thing to save us from the curse of hate
A blackbird sky, merciless fate
We fell down deep into the curse of hate

Deny, deny
But it's too strong
And it's exactly what you wanted all along
Make up your mind
Which side you're on
You've got another voice in chorus
Then it's gone
It's gone

Don't look below
Don't look above
Just pay the price
For the gift of love

Don't tell me what you're dreaming of
Just pay the price for the gift of love
Just pay the price for the gift of love
For the gift of love
