

# Heavyweight

Starsailor

You caught me out  
With a sucker punch  
And from then on  
You were all there was

Been kicked around the world

When you broke down  
It was unrefined  
Your protection  
Became mine  
Been kicked around the world  
Been kicked around

No punchline  
To anticipate  
No undercard  
This is heavyweight  
Guard up  
Don't hesitate  
No undercard  
This is heavyweight

When you broke down  
It was undefined  
Our directions  
Intertwined

Been kicked around the world  
Been kicked around

No punchline  
To anticipate  
No undercard  
This is heavyweight  
Guard up  
Don't hesitate  
No undercard  
This is heavyweight  
This is the greatest  
This is the greatest feeling  
This is the greatest  
This is the greatest feeling of all
