In My Blood

Starsailor

Oh, I feel it flow
Through my bones
If, we let it go
We shall grow

Please, now breathe for me,
Slow and slow

Brought something back to me
It's in My Blood
Lost in my memory
Not fast enough
Nothing in life is free
Love is the currency

Oh, I justify
All my lows
She, won't be denied
When she goes

Brought something back to me
It's in My Blood
Lost in my memory
Not fast enough
Nothing in life is free
Love is the currency

Glorious, red filled sky,
Take me up, make me high
Glorious, red filled dawn
Take my hand, I'm re-born

Brought something back to me
It's in My Blood
Lost in my memory
Not fast enough
Nothing in life is free
Love is the currency [repeat]
