

Time Machine

State Champs

So many plans we made were washed away
So many memories faded away
Honestly I didn't know it was ending

We count the calendar, checking off the days
We look ahead, they laugh at the plans we made
Honestly I didn't know it was ending

We don't know what the future holds

I wish I had a time machine
So you would never have to leave
And I wouldn't have to say sorry
But now we're running on a picture perfect memory
Of all the things I couldn't say
And I'll never have to say sorry that I couldn't save you

Under the lights we sang all our favorite songs
We thought the days went dry, somehow we were wrong
Honestly I hope I never remember

We don't know what the future holds

I wish I had a time machine
So you would never have to leave
And I wouldn't have to say sorry
But now we're running on a picture perfect memory
Of all the things I couldn't say
And I'll never have to say sorry that I couldn't save you

(This life is taking forever
Under the lights we sang all our favorite songs
I never want to remember)

Later in the dark with the shades pulled down
I wait for the part where you bleed me out again
I never want to remember (again, again, again)

Later in the dark with the shades pulled down
I wait for the part where you bleed me out again
I never want to remember (again, again, again)

I wish I had a time machine
So you would never have to leave
And I wouldn't have to say sorry
But now we're running on a picture perfect memory
Of all the things I couldn't say
And I'll never have to say sorry that I couldn't save you
