

## Ugly

### State Faults

You were a light  
I am not meant to see  
And all I have worn  
A disguise, I am ugly  
What if I had worn something true?  
I could believe I would never be seen

We are one and the same  
I believe we can change  
If you are who you say you are  
We don't have to be afraid

I am a liar  
In a kingdom of wolves  
You were a sheep  
I had charmed in woolen clothes  
What if I'd worn something true?  
I could believe you would never have been

I am alone  
In a world of many forms  
All I have known  
I have seen most every one before
