I fell in love with Bella
And Stella, I met her at Coachella
She was looking hella stellar
So you know I had to nail her
Bella, -ella, -ella, eh
She got ice up in her veins
Been herself, ain't never changed
I can't let her walk away
'Cause if you didn't know, I'm the man 'round town
But she don't wanna hose me down
Barkin' like a big dog, she came on top
Her boyfriend probably hate me now
She nice, she nice, she nice, she know it
She icy, pricey, feisty, woah
[?] your soul
So come with me, let's get it all

I can take you anywhere around the world
I can make you feel like you're a lucky girl
Let me just tell anyone that hasn't heard (Yeah-yeah)

Fell in love with Bella (Bella)

Got that cheese like mozzarella
She the real deal, so I might just tell her
I'ma make it rain on her, no umbrella, ayy
Bella too freaky for me (Freak)
She got that ziki on me (Huh)
And I be like, woah (Woah)
Why she so sneaky on me?
That body too cheeky for me
