Bought a house (Woodland Hills)
Bought a coup (I've got them bills)
Rather die (god forbid)
Than be you (god forbid)
Always lit (lit it up)
Atmosphere (outterspace)
On my wrist (on my wrist)
Chandelier (in your face)
Feeling blessed, I feel like I'm holy
Eating my greens, fresh guacamole
Feeling depressed, bought me a roly
Pockets are stuffed with the Bill's ravioli
Stealing your girl is too easy for me so I rather just leave her with you
Started from nothing, now I got money for days, that's what a milli can do

I just wanna make a couple million (couple milli on em)
Kick it with some models every day (every day)
Own a Lamborghini cuz I'll need it (skrt skrt skrt)
If I make a million

Milli milli milli
If I make a milli

If I make a milli
Milli milli
If I make a milli
