

Accelerate

Static-X

Somebody really should just put him out of his misery

Somebody really should just put him out of his misery

Slow
Take a ride
From the low
Got to motivate

Slow
Blow your mind
Here we go
To exhilarate

Slow
Tow the line
Hit the flow
Till you suffocate

Slow
Tell your lies
Do your blow
To accelerate

Somebody really should just put him out of his misery

Slow
Take a ride
From the low
Got to motivate

Slow
Blow your mind
Here we go
To exhilarate

Slow
Tow the line
Hit the flow
Till you suffocate

Slow
Tell your lies
Do your blow
To accelerate

Tell your lies
Do your blow
To accelerate

Tell your lies
Do your blow
To accelerate

Somebody really should just put him out of his misery

Tell your lies tell your lies

To accelerate

Tell your lies

Do your blow

To accelerate

Tell your lies

Do your blow

To accelerate

Tell your lies tell your lies
