

# I Am

Static-X

I've been taking abuse and it's senseless  
fist into the wall and it's painless  
I've been living the lie that I made me  
live it

Screaming into the mic and I like it  
put it all over the air in thick slices  
soak it all up in your head with the anger  
like it

Older  
elder  
I am  
(grind on it)  
deeper  
bleaker  
I am

Brush the surface off and grind on it

Put a gun in my mouth and threaten to shoot

Justice died here
