

You tell me you want me  
Can't live without me, ooh  
Well it's starting to get to me  
I've been so strung out

So do what you want with me  
I'm already guilty, ooh  
Of killing the best of me  
I've been so strung out

I'm your bitch, but not today  
Don't wanna be your just in-  
Don't wanna be your just in-  
Don't wanna be your just in case boy

So do what you want with me  
I'm already guilty, ooh  
Of killing the best of me  
I've been so strung out

You tell me you want me  
Can't live without me, ooh  
Well it's starting to get to me  
I've been so strung out

I'm your bitch, but not today  
Don't wanna be your just in-  
Don't wanna be your just in-  
Don't wanna be your just in case boy  
I'm your bitch, but not today  
Don't wanna be your just in-  
Don't ever see you trusting  
Don't wanna be your just in case toy

Leave me alone  
I've been so strung out  
Leave me alone  
I've been so strung out

Don't wanna be your just in-  
Don't wanna be your just in-  
Don't wanna be your just in case  
Don't wanna be your just in-  
Don't wanna be your just in-  
Don't wanna be your just in case boy

I'm your bitch, but not today  
Don't wanna, don't wanna  
Don't wanna, don't wanna  
Don't wanna be your just in case
