

Run For Your Life

Static-X

What you gon' play now?
Run for your life

The lights go out
Yeah, yeah
Breathe in, breathe out
Yeah, yeah
Like I'm dead inside, full of agony
I'm the enemy

Run for your life
Run for your life

Ignite all the rage
Yeah, yeah
Prepare to engage
Yeah, yeah
This is not the way it's supposed to be
I'm in agony

Run for your life
Run for your life

It's your last day in this hollow world
In this hollow world
Never be the same
It's your last day in this hollow world
In this hollow world
Never be the same

Run for your life
Run for your life
Run for your life

It's your last day in this hollow world
Run for your life
It's your last day in this hollow world
Run for your life
