

## Speedway

Static-X

Take a ton of bolts and steel  
A whole lotta sweat, a set of wheels  
On the Speedway  
The flag is down, pistons pound  
Plenty of engines ripping around ... on the Speedway

Go for the money and lead the pack  
Push the throttle and burn the track  
Curl and swirl like you doin' a dance  
Straightaway's comin', now's your chance  
On the Speedway, on the Speedway, on the Speedway  
Curl & swirl like you're doin' a dance  
Straightaway's comin', now's your chance on the Speedway

Take a spin, hit the brakes  
A young little girl ... shivers and shakes  
On the Speedway  
Clear the way, comin' through  
Kiss from your baby just pushin' you  
On the Speedway

Go for the money and lead the pack  
Push the throttle and burn the track  
Curl and swirl like you doin' a dance  
Speedway's comin' and now's your chance  
On the Speedway, on the Speedway, on the Speedway  
Curl & swirl like you're doin' a dance  
Straightaway's comin', now's your chance on the Speedway
