

## Tone

Static-X

Indecision, you and me  
Understanding this degree  
Indecision in this game  
Tell me how to stop this pain  
What do you want? Take from me  
What do you want? Set me free  
All I know is fear and joy  
All I know is to destroy

Feeling alive  
Sense my  
Hope, tone

No lies  
Are to be told, walk the line  
This truth unfolds  
This time  
This time  
I'll know you'll go, walk away  
Don't take that tone with me

Yeah  
Hope, tone  
Yeah  
Hope, tone

Yeah  
Hope, tone

Don't take that tone with me
