Uh, I'm a represent the game like a O.G. should  
And hold it down for the Pimp and keep a fist full of wood  
I got a swisher full of good, a pound full of bread  
And plus a rsum to back up every word that I said  
You heard what I said, money at the door 'round here  
We got the top dropped down on 84's 'round here  
And I'm the first motherfucker on the block for the cash  
And if you step out of line, partner we poppin your ass (poppin your ass)  
I'm a certified old school God damn fool (fool)  
"Trill Recognize Trill" and I don't recognize you (who?)  
Cory Mo is the name, step your game up mayn  
You can catch me off in North Shepherd doin my thang  
All I need is a couple of grams and sour D's  
And a thick thighed bopper to turn in and swallow these [\*slurp\*] (swallow t
