Statik Selektah

(Woah) Oh, (Woah) yessir, (Oh, Statik Selektah)  
Brooklyn, what the fuck? (Woah)  
Statik (Woah), yeah, yeah (Oh), yo

True and livin', I heard spring showers bring new beginnings  
Looser women, dollars with few conditions, that's two admissions  
New religions painted these pictures vivid, they true to vision  
New commissions comin', they gotta get through the two dimensions  
Don't believe in luck, see blessings and I assume position  
Move with purpose, get through the turbulence with a crude ambition  
Gatekeeper's peekin', I see him movin' with cruel intentions  
I just keep it pushin' and keep pursuin' these new inventions  
Said it, I meant it, and if I get it, I penned it  
And if you read it on Reddit then you ain't gettin' my message  
I'm like the organic produce, nothin' but real in my section  
I seen my niggas go postal, I had some permanent lessons  
I got my hands sittin' ten and two, winnin' even when I lose  
Kota's Arc, all of my blessings be comin' in in twos  
Know the truth, don't take no wooden nickels and play the fool  
That just make it easier to play these fools, yeah

They need somethin' relatable, somewhat unbreakable, tryna escape it all  
This shit is so undebatable, make it obtainable, someone to save 'em all  
They need somethin' relatable, somewhat unbreakable, tryna escape it all  
This shit is so undebatable, make it obtainable, someone to save 'em all (Fly)

I been gettin' better as I age, just like some corked wine  
Don't gotta use a sundial to see these dark times  
Somehow we could see it all peekin' through our blinds  
I went from sittin' in the court to sittin' court side  
Fiends still snort lines, police, they report crimes  
What, think we support swine the way we eat pork rinds?  
More fire, gettin' more fire  
I'm Rick and Morty fly, I leave you mortified  
Very few rappers state the facts and even more tell lies  
I lay my vocals onto wax then I'm immortalized  
This quarantine ain't nothin' new, I'm used to bein' the illest  
I stay away from all these parasites that stay tryna kill us  
While you lil' niggas out in the club, I'm cozy in bed  
With my Puerto Rican mamí that sound like Rosie Perez  
How the fuck did they let corona get spread?  
Why you think I'm messed up? Can't let it go to my head (Fly)

I used to pray to the Holy Bible I'll smoke my rivals  
I was focused on survival, drownin' in the open bottle  
Henny and more Moscato, found me a new whore to follow  
I poke her then bought McDonald's, that's somethin' we both ain't proud of  
Demons, they actin' friendly, play victim and act and tell me  
They trippin' and actin' petty, I'm dippin' and that's a Fendi  
I used to pack a semi, wildin' off of 'gnac and Remy

Jacket, Pelle, ready to rock you if you actin' jelly  
Sippin' Circoc with Jerry, them cowards killed Dr. Sebby  
And Malcolm, not accidentally, we pop when his ass offendin'  
Biggie and Makaveli and Nipsey and Pop already  
My tears, they be droppin' steady, I'm ready to start some vetting  
This shit depressin', I spit these lessons and hope you listen  
If it's a issue, address it so we can try and fix it  
While they be rhymin' fiction and spittin' them lines specific  
My poems are honest written, so they cannot sound malicious

Somethin' relatable, somewhat unbreakable, tryna escape it all
