### Statik Selektah

"What good is a castle way high on hill?"

Yeah. Whoooo! You a motherfucker Statik! And I'm a bad motherfucker. Don't play this for the kids

I'm feeling like Samuel L. Jackson, time to get it cracking  
Have a good time motherfucker  
That's that Samuel L. Jackson, time for some action  
What it look like motherfucker?

It look like Marcellus Wallace when I'm standing on my wallet  
Up in mo hoes but I never went to college  
Polish my flow, dropping shit, colonic  
Just me and my dawg, Wallace & Gromit  
Detonating bombs and more are set, Alanis  
You ought to know I'm bought to blow, isn't it Ironic?  
In the past I was the future like Johnny Mnemonic  
And I did it through computers, guess I Troned it  
Then (Ever) ything was Clear, gin and tonic  
I want Halle/Halley, not Berry, the Comet  
I guess until then I'm cool with an ill comic  
Till Statik brings some chronic and the Philharmonic  
And my shit's still knocking, deep as Uncle Phil's pockets  
Shoot for the stars with every bar, cause I really rocket  
And I earned it well  
As for they careers? They deserve to die and I hope they burn in Hell!

Imma son you niggas, how about I get you a hot seat and a fucking Hi-C?  
Or a Varsity Blue City Club, that be the posse  
Attitude, fuck it, yeah the flow a little raunchy  
Body everything, this another one in counting  
A dog on these beats, like Statik said he had a bounty  
This the Tyson fight, my punches knock 'em out by round three  
They boy fresh to death, like they drown me in Downy  
I be dropping hot shit  
Fly Samuel L. Jackson, I can see the Snakes in the cockpit  
Watch this  
Yeah, fuck the world, that's the only thing my cock fit  
Hot flow, key to my success, watch me lock shit  
Naw I ain't stopping, y'all gonna probably need a locksmith  
Show up to your doorstep like it's dead nigga storage  
Y'all seeing what I'm doing when you got to kill every motherfucker in the room  
Except no substitute

Inside model hoes to neck wreckage  
Contracts on they throats, they get reckless  
Wings and rice, extra soy sauce and ketchup  
A Bronx nigga like Boy George, avoid laws and fresh as fuck  
Eight balls  
Rack 'em up  
Her thirst level, Dirt Devil how she vacuum'ed up the product  
My nigga trust this logic  
Train hoes to champions, Cus D'amato  
Clutch the Bible, still call me father  
Even out in the D.R., drowns in the aqua  
Open the room do', suite look like Tel E Mundo  
Game show, I play hoes, my nigga you know  
Ha  
Go ahead while we get a spoonful  
If you don't know what it is, just assume so  
I hit the town like a brown skin Lou Ferrigno  
The black superhero  
Sam L. shit
