

Hymn

Stavesacre

Let us join our hands if able
Like we used to do
When we were young
And remember being together
And if tonight we perish
Let us sing a song or two
And let them hear us
All as one together

We know
We're not going anywhere
We know
We know you can hear us out here
We know
We know
We know
We know
We know

All our sons and daughters
Beggars kings and queens
Great and small
All belong to thee
To whom much is given
Of whom has received
Much is required
For all belongs to thee

We know
We're not going anywhere
We know

We know you can hear us out here
We know
We're not going anywhere
We know
We know you can hear us out here

Let us in
There is nothing to fear
We'll carry it together
The end if near
The tower is burning
We can see it from here
Outside is freedom
For the end is near

We know
We're not going anywhere
We know
We know you can hear us out here
We know
We're not going anywhere
We know
We know you can hear us out here
We know
We know
We know
We know

We know
We know
We know
We know
We know
We know
