STAYC

Check it out now
S-T-A-Y-C, go

Iffy, yo, iffy, yeah
I'm feeling some type of way
I'm too this, I'm too that
Whatever you say I am
Where you at? ETA
I don't even gotta wait
Listen up, listen up
I just wanna be myself

Let 'em talk, let 'em hate
I don't care, I'm not afraid
You know, I know
They just gonna fade away
Let it go, elevate
Everyday I make my way
Can't nobody take away my love

□□□□ (□□□□)
Yes, you do (Yes, you do)
Tryna lock me in a bubble
I'm breaking free
Hey, baby (Hey, baby)
Take my hand (Take my hand)
We poppin', ain't nothing can bring us down
They talkin', bubble, bubble, bubble

(Yeah, yeah, yeah)
They talkin', bubble, bubble, bubble
(Yeah, yeah, yeah)
We pop it, bubble, bubble, bubble

Too much talking
But no walking so I walk away
Who's gonna stop me?
That's a topic for another day
You could love or hate
Baby, I will never change my ways
Can't nobody do it like me
I'ma stay the same

Let 'em talk, let 'em hate
I don't care, I'm not afraid
You know, I know
They just gonna fade away
Let it go, elevate
Everyday I make my way
Can't nobody take away my love
