

Circles

Stealing Sheep

I hear the hush
I feel the rush
It comes to crush us
It spins like circles 'round my head

I hear the hush
I feel the rush
It comes to crush us
It spins like circles 'round my head

Running races
'Til you find a break to
Find another way away
From where they go

Running races
'Til you find a break to
Find another way away
From where they go

I would like to go
When will you let me go

Running 'round all night
Won't recognize me, won't recognize me
Running 'round all night
I am no one

Running 'round all night
Won't recognize me, won't recognize me
Running 'round all night
I am no one

I hear the hush
I feel the rush
It comes to crush us
It spins like circles 'round my head

The symphonies, those harmonies
They bother me now
Those buzzing bees, those blowing trees
They bother me now

It's safe but can you find it
You lost it long ago
And all that time you wasted
That's been in feeling grows and grows

And grows and grows
And grows and grows
And grows and grows
And grows and grows

It's alright tonight
It's in the river
It's alright tonight
It's wilting in the sun

Running 'round all night
Won't recognize me, won't recognize me
Running 'round all night
I am no one

Running 'round all night
Won't recognize me, won't recognize me
Running 'round all night
I am no one

When will you let me go
Now, let me go
