

Dancing In The Rain

Stealing Sheep

When you're down, down, down and you're stuck at the wheel
When there's nothing else left and there's nothing to feel
You'll find me

Dancing in the rain
I feel no pain when I'm dancing in the rain (Woo)
When you're down, down, down and you're stuck at the wheel
When there's nothing else left and there's nothing to feel
Nothing to feel, nothing to feel, nothing to feel, nothing to feel

Feels like nothing at all
This rain is beating, stops me thinking, my body is dripping
Feels so free
This flow pulls me under, any wonder, you can't hear the thunder coming (Listen)
Shh, listen, check, mighty clean

Big cloud, Medulla baby, Stealing Sheep, I'm not like
Dancing in the rain
I feel no pain when I'm dancing in the rain
My rain, let it pour, woo

My rain is valuable, I don't wanna feel accountable
Guilty for the floods I'm causing in your basement
Wreck your floor and who cares
No rain, no gain, no insurance claim
So I'm aligning, I'm so flattered, see me fall, hear me splatter
Evaporate and we're starting again
Let them look up in the sky so high your neck has to cramp
I see you dancing, see you dancing and I feel your pain
We trickle down cheeks, now we roll down the drain, oh wait

Dancing in the rain
I feel no pain when I'm dancing in the rain
Just let it pour, let it pour, my rain
When you're down, down, down and you're stuck at the wheel
When there's nothing else left and there's nothing to feel

(Whoo)
Feels like I'm going insane (Insane)
My brain is pounding, it's lightning, it's grounding
The flash is not helping (Focus)
Hell no, I'm never checking the time
(Hell no) no time (No signs)
I'm stopping, the clouds are rolling
I'm laughing, I'm dancing, dancing, dancing, no stopping

When you're down, down, down and you're stuck at the wheel
When there's nothing else left and there's nothing to feel
You'll find me
You'll find me
You'll find me (You'll find me)
