

Disco Healer

Stealing Sheep

You don't need to make sense
Your vibrations take the toll on me
You're my favorite record
Midnight dance has got you on repeat

You're a star-crossed lover
Midnight diamond, you were meant for me
You're a disco healer
You're my hunger, give me energy

I've been waiting for you
For you to come and give me all I need
Tell 'em to take cover
'Cause you're coming at a breakneck speed

You're my favorite record
Midnight dance has got you on repeat
You're a star-crossed lover
Midnight diamond, you were meant for me

Tell me, I wanna feel it
Give me what you got
Dying to discover
Do it or do it not

Tell me, I wanna feel it
Give me what you got
Dying to discover
Do it or do it not

You don't need to make sense
Your vibrations take the toll on me
You're my favorite record
Midnight dance has got you on repeat

You're a star-crossed lover
Midnight diamond, you were meant for me
You're a disco healer
You're my hunger, give me energy

I've been waiting for you
For you to come and give me all I need
Tell 'em to take cover
'Cause you're coming at a breakneck speed

You're my favorite record
Midnight dance has got you on repeat
You're a star-crossed lover
Midnight diamond, you're meant for me

Tell me, boy I wanna feel you
Give me what you got
Dying to discover
Do it or do it not

Tell me, I wanna feel you
Give me what you got

Dying to discover
Do it or do it not

Disco healer
Dying of disco fever
I've been a great believer
I'm ready to shiver, shiver, shiver, shiver

Disco healer
Dying of disco fever
I've been a great believer
I'm ready to shiver, shiver, shiver, shiver

Dance me off my feet
Give me all I need
Lose all gravity
Fly away with me

Lift me up with love
And fly up above
Dust off a fallen star
Show me just what you want

Dance me off my feet
Give me all I need
Lose all gravity
Fly away with me

Lift me up with love
And fly up above
Dust off a fallen star
Show me just what you want
