

# Everyone Else

## Stealing Sheep

Only wanted to feel something good  
Something special like everyone else  
(Eh-eh, else, eh-eh, else)

Only wanted to feel something good  
Something special like everyone else  
There's a tight feeling inside my chest  
You're not yourself, not yourself (Not yourself)  
Keeping up with everybody else

(Eh-eh, else) everybody (Eh-eh, else)  
Everybody else

Only wanted to be good  
Want no more dances through the night  
You lie in bed, tucked up tight  
Tell me, am I missing out?  
I don't wanna be a mourner, unhappy  
Everyone is having fun (everyone but me)

(Eh-eh, else) everybody (Eh-eh, else)  
Everybody else (Come on)

Have you ever had great big, huge, great big dreams? (Big dreams)  
Dream on dreamer  
I'll get my DVD, sit back in your seats  
Watch it on your great big screen (Don't screech)  
Dream on dreamer (Just, uh)

Open up and tell me, tell me  
Tell me (Tell me), tell me

You don't know half of it  
Figure out the reason why  
You're too scared to make mistakes  
You didn't even dare to try  
And then it all starts to fade  
Skating on thin ice  
You can't seem to let it go  
Go with the flow

Everybody eh, else  
Everybody eh-eh, else  
Everybody eh, else  
Everybody eh-eh, else
