

Sunk

Stealing Sheep

My low, it sunk
I held onto the last song
I was hoping to dance this one with you
You're already gone
Sinking, I'm not sure what I'm looking for
You're already gone

Where on earth am I
Why have I left myself here to cry
Crazy, heavy heart
Down, deep down until it's all forgotten
Eye to eye, holdin' on
Looking by, I know I'm gone

My gaze is hooked
An unshakeable look
I am lovin' you, I'm not in with you
I've already gone
Sinking to the floor, been down there before
I've already gone

Where on earth am I
Why have I left myself here to cry
Crazy, heavy heart
Down, deep down until it's all forgotten
Eye to eye, holdin' on
Looking by, I know I'm gone
Eye to eye, holdin' on
Looking by, I know I'm gone
